

## SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill.,  
Escaped The Sur-  
geon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. Forty years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided  
Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed.

"Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

## LIVINGSTON

The five months old daughter of Mr. and Mrs. W. N. Frazier died at the home of her parents in Chillicothe last Tuesday.

Wm. McCarthy, one of Jackson township's prosperous farmers thrashed his oats last Monday and the yield was 100 bushels per acre.

Minnie Burns, through her attorneys, J. M. Davis and son of Chillicothe filed suit last Monday for a divorce from D. E. Burns. They are both of Livingston county.

Mrs. P. G. Crowe of Chillicothe received through the record keeper W. W. Dunn of the Knights of the Macabees last Wednesday a draft for \$1000 for the death of her husband. The claim was paid in twelve days after proof had been sent in.

Mrs. Amanda M. Leeper celebrated her 95 birthday last Wednesday at the home of her daughter, Mrs. Sallie C. Payton of Chillicothe. Mrs. Leeper is the oldest woman in Livingston county.

Henry A. Munson, sixty years old, a farmer living near Cameron was overcome by the heat and lived only thirty minutes after he was stricken. He was working in a shed stacking oats when his companion heard him groan and saw him fall. Mr. Munson is survived by his widow and five children.

Oscar Vanderpool now has at his home south of Braymer 14 little chicks which were hatched in an egg case. The case of eggs was shipped from Cowgill and when unpacked it was found that 16 of the eggs had hatched. These pets are prized very highly by Mr. Vanderpool who took them to his home. All are Plymouth Rocks and 14 of them are doing well.

George Gray, 35 years old, a plasterer whose home was in Highview was drowned last Sunday afternoon. Gray lost his life in one of the treacherous deep holes in the river at a point in the stream known as Turtle Bend, about eight miles south of Chillicothe. With several other men he had been fishing but not having much luck with a hook and line Gray was wading in the river and "mooching" with his hands under logs for fish. The first intimation his companions had of danger was when Gray sank out of sight in a deep hole in the river and with a loud cry. He was only 15 feet from the bank but was drowned before his companions could reach him. Gray's body was recovered by John, Jim and Wm. Hutchinson and was taken to town in an automobile where an inquest was held. Gray is survived by his wife and two children.

G. M. Alexander and H. A. Millhouse had a narrow escape from being killed last Tuesday morning in Chillicothe when an automobile ran in the rear of their buggy tearing off the wheels and causing the horse to run away. The men say they gave half of the road to the automobile driver, and when the machine neared the buggy, the driver tried to turn out, but was too late. The mare became frightened and ran away throwing the occupants of the buggy out. Mr. Alexander secured the State number of the automobile and his attorney has written to the secretary of the state to see who owns that license tag. Suit will be brought for damages to the buggy and animal. The mare was practically ruined by running into a telephone pole. After striking the buggy the driver of the car stopped and offered to pay for the wheel but refused to pay for any other damages.

## Chicken Disease and Remedy

The poultry department at the University of Missouri has had its attention called to a disease which seems to be attacking young chicks weighing over a pound. One farmer reported losing over one hundred and that his neighbors were losing them in similar manner. An examination proved the trouble to be visceral gout.

There are no symptoms to death aside from the chick having an unusual appetite. Also the birds are very poor in flesh. Upon examination the membranes lining the abdominal cavity and the intestines and also those surrounding the heart are covered with grayish, slate colored specks. Gout is caused by failure of the kidneys to perform their functions and the gray specks are crystals of uric acid. Probably the inactivity of the bird during hot weather has much to do with the trouble. In this particular case the feed consisted largely of corn and corn meal which would cause the trouble.

The cure is to give the chicks a dose of epsom salts at least twice a week until the trouble ceases, 1-4 teaspoonful to each bird. As a preventative measure, epsom salts in the drinking water, a tablespoon full to a gallon of water fed once a week, will prove helpful. The feed should not consist of corn alone but bran should be used in the ration. The ration used for growing chicks at the University Experiment Station consists of wheat and cracked corn and a dry mash consisting of bran, middling, cornmeal, equal parts by weight, to which is added 10 percent beef scrap. By supplying plenty of green food, shade, fresh water, and skim milk, no such trouble has occurred in the University flocks.
